PERMISSION TO READ/VIEW MATURE MEDIA CONTENT

Dear Parent(s) or Guardian(s)

At Daniel Pearl Magnet High School we work to develop a curriculum that we believe to be developmentally and cognitively appropriate for our students. We have selected some of the most acclaimed classical and contemporary literature and media available for study that meet California state standards.

Some of the selections your child will read/view this year in their classes utilize mature themes and language; however, the instructors feel the literary/historical/media merits of the works and the maturity of our students outweigh any possible objections. In our experience, students rise to the expectation that they act responsibly when exposed to mature material.

One film that all students view is "A Mighty Heart", the story of Daniel Pearl's capture and death. The students view this film while studying about his life.

Thank you for supporting our school and its programs.

Deb Smith
Principal
